ARC'TERYX LEAF

LAW ENFORCEMENT & ARMED FORCES

NO COMPROMISE, NO FAILURE

Founded in the Canadian Coast Mountain wilderness, Arc'teryx is built on the principle of obsessive, precise design and production.

Arc'teryx LEAF is committed to the relentless pursuit of product excellence. We have tasked ourselves to achieve absolute reliability with a no compromise approach. Reinforcing these values through meticulous refinements to our designs and stringent development of new products, we deliver the best possible performance.

Where there is no compromise there can be no failure.

DESIGN

Our timeless design is functional, minimalist, and human-centric

CRAFTSMANSHIP

The highest standards of construction using the most advanced materials

PERFORMANCE

Technical products that perform at the point of extreme need

ASSAULT SHIRT AR

MPN 16469 | XS, S, M, L, XL, XXL | 465g / 16.5oz (L)

DESCRIPTION

A no melt/no drip materials based under body armour combat shirt that is worn when conducting Direct Action tasks.

PRODUCT FEATURES

- PPE Compatible – allowing the shirt to be functionally worn with body armour
- Low Profile Button Collar – allowing collar to be worn either open or as a neck protector
- Arm Cuff Button Closures – allowing for either ‘sleeves up’ ventilation or fully enclosed sleeves
- Underarm Mesh Vents – allowing for enhanced ventilation when worn with PPE
- Upper Arm Zip Pockets – allowing for convenient pocket accessibility when worn with PPE
- Upper Arm IFF Velcro (4”x4.5” with V-Lite™ retention ring) – allowing for the application of IFF
- Removable Soft Elbow Pads – allowing the option to use integrated soft elbow pads when/if required

PRINCIPAL MATERIALS

- B&O 6.4oz No Melt/No Drip Nylon-Cotton Ripstop Weave
- CYBERKNIT J214 4.2oz No Melt/No Drip Nylon-Cotton Jersey Knit
- TENCATE Defender™ M 5.5oz Flame Resistant Mesh Knit
- EV®50 10mm foam (removable soft elbow pads)

DESCRIPTION

A waterproof, breathable, and durable jacket shell that is worn when conducting full spectrum combat or law enforcement operations in a wet weather environment.

PRODUCT FEATURES

- Military Fit – allowing for layering during cold weather conditions
- StowHood™ – can be stowed in collar when not required
- Drawcord Waist Closure – vertically routed waist drawcord minimizes interference with duty belt and PPE
- Arm Cuff Velcro® Closures – permits secure seal at cuff
- Underarm Zip Vents – enhances ventilation when worn with PPE
- Internal Zip Pockets and External Chest pocket – stores personal items
- Upper Arm Zip Pockets – accessible when wearing load carriage equipment and PPE
- Upper Arm IFF Velcro (4" x 4.5" with V-Lite™ retention ring) – allowing for the application of IFF
- Internal Waterproof TuffLabel – allowing for individual ID and mitigating confusion when issued as a uniform clothing item to end-users

PRINCIPAL MATERIALS

- GORE-TEX® 3L 40d Nylon Ripstop
- GORE-TEX® 3L 30d Nylon Plain Weave (hood)

PRODUCT FEATURES

- Only 42g/l means carrying more gear before you surpass airline weight restrictions
- Tubular 6061 T6 hard anodized aluminium external frame optimizes internal storage; can be grabbed or lashed nearly anywhere **1**
- External pocket fits boarding passes and smaller items; intergrated ID card holder **2**
- Large u-shaped #8 WaterTight™ coated zippers with lockable zipper sliders
- Internal compression panel with magazine sized organizer pocket
- Large 115mm TPU overmolded glass-filled nylon wheels with sealed bearings roll easily over curbs and rough terrain **3**
- Padded abrasion resistant bottom
- External dimensions: 86 cm x 46 cm x 34 cm / 34 in x 18.1 in x 13.5 in

PRINCIPAL MATERIALS

- N630p-HT nylon 6.6 plain weave
- N690p-HT ATY nylon 6.6 plain weave, air textured yarns - bottom

ASSAULT PACK 30

MPN 17723 | Regular | 1690g / 60oz (L) | 30L / 1830 cu. in.

DESCRIPTION

A weatherproof Assault Pack that is carried when conducting Direct Action tasks that is also combat enabler capable. The main internal compartment is configured with Velcro® loop for the insertion of after-market modular pouches.

PRODUCT FEATURES

- c.30L Capacity – allowing the pack to be employed as an Assault Pack
- PPE Compatible – allowing the pack to be worn functionally with body armour and helmet
- 15mm Removable Aluminum Stays – can be custom shaped to curvature of the spine or wearing with PPE
- Dual Density Shoulder Straps – distribute weight over broad surface for sustainable long term carry
- Removable/Scalable Hip Belt (with hip pods) – allowing for equal weight distribution
- Clamshell Zipper Opening – provides ease of access to main compartment
- Top Zip Pocket (with retention lanyard) – stores mission essential personal items
- Side Zip Pockets – holds 3L water bladder; hydration port for external routing
- Main Compartment Communications Porting – allowing for the external routing of communications cables
- Side Grab Handles – for ease of transfer to ground mobility vehicle or non-standard tactical vehicle

PRINCIPAL MATERIALS

- INVISTA 500d HT Cordura® Plain Weave

ASSAULT PACK 30 – MULTICAM®

MPN 17724 | Regular | 1625g / 57.5oz (L) | 30L / 1830 cu. in.

DESCRIPTION

A weatherproof Assault Pack that is carried when conducting Direct Action tasks that is also combat enabler capable. The main internal compartment is configured with Velcro® loop for the insertion of after-market modular pouches.

DRYPACK 25

MPN 18427 | One Size | 1190g / 42oz | 25L / 1525 cu. in.

DESCRIPTION

A waterproof Assault Pack that is carried when conducting Maritime Special Operations tasks to specifically include Visit-Board-Search-Seizure (VBSS) tasks. The main internal compartment is configured for the insertion of after-market modular pouches.

PRODUCT FEATURES

- c.25L Capacity – allowing the pack to be employed as an Assault Pack
- TIZIP closure (with T-handle retention loop) – provides access to main compartment
- Oral Inflation Valve – allowing for neutral buoyancy underwater or positive buoyancy on the surface
- Dual Density Shoulder Straps – distributes weight over broad surface for sustainable long term carry
- Sternum Strap – allowing the pack to sit upright and close to the end-users back
- Stowable/Removable Hip Belt – allowing for equal weight distribution between the shoulders and the hips
- Main Compartment Internal Zip Pocket – stores mission essential personal items
- Internal Velcro Loop Panel – allows for versatile pouch configurations
- Embedded Face PALS Panel – allowing for the external mounting of standard MOLLE pouches

PRINCIPAL MATERIALS

- URETEK 725d HT Cordura® Plain Weave
- TIZIP MasterSeal 10 Waterproof Zip – 500mbar Zipper

E220 RIGGERS HARNESS

MPN 11783 | XS, S, M, L, XL, XXL | 245g / 8.5oz (M)

DESCRIPTION

A rigger's harness system that can be used either in an expedient harness configuration (belt and sling), or in a rigger's belt configuration (belt only) for travel restraint, specifically designed for military or law enforcement tactical operations.

PRODUCT FEATURES

- Belt Width is c.2" – allowing belt to be worn in conjunction with LEAF Combat Uniform pants
- Reinforced Attachment Loop – allowing for the attached extension of a safety belt lanyard in order to allow for end-user attachment to rotary wing platforms
- 11mm Webbing Gear Loops – allowing for optional load or tool carriage
- Vapor Mesh™ Sling – allowing for the expedient creation of two lightweight and breathable leg loops when the sling is attached by a carabiner to the reinforced attachment loop
- Warp Strength™ Technology – enhances end-user comfort by evenly distributing load and weight across hips

PRINCIPAL MATERIALS

- TWEAVE® Durastretch® 6.5oz Plain Weave Stretch-Woven

PRODUCT CERTIFICATION

- EN 358 Certified (Rigger's Belt configuration without leg loops)
- EN 12277 Certified (Rigger's Harness configuration with leg loops)

LAW ENFORCEMENT & ARMED FORCES

SIZING

1. SLEEVE

Bend elbow and measure from the centre of your neck (back) to your elbow and down to your wrist.

2. CHEST

Measure under your arms, around the fullest part of your chest.

3. WAIST

Measure your natural waist where your torso is the smallest

4. HIP

Stand with feet hip width apart, measure around your hips at the fullest part.

5. PANT INSEAM

With bare feet, measure from crotch down the inside leg to the floor. Actual inseam will vary depending on what we have deemed suitable for end-use footwear.

PRINCIPAL MATERIALS

COMBAT UNIFORM MATERIALS

B&O 6.4OZ (6.5OZ WHEN PRINTED) NO MELT/NO DRIP NYLON-COTTON RIPSTOP WEAVE

A 6.5oz nylon-cotton (50% nylon - 50% cotton) blended woven no melt/no drip fabric. This fabric is made in the USA and complies with the Berry amendment.

CYBERKNIT J214 4.2OZ NO MELT/NO DRIP NYLON-COTTON JERSEY KNIT

A 4.2oz nylon-cotton (40% nylon - 60% Cotton) blended knit no melt/ no drip fabric. This fabric is made in the USA and complies with the Berry amendment.

CYBERKNIT M1401 4.5OZ NO MELT/NO DRIP NYLON-COTTON MESH KNIT

A 4.5oz nylon-cotton (40% nylon - 60% Cotton) blended mesh knit no melt/ no drip fabric. This fabric is made in the USA and complies with the Berry amendment.

GORE® KATANA 5.3OZ NO MELT/NO DRIP NYLON-COTTON-ePTFE BLENDED WEAVE

A 5.3oz nylon-cotton-ePTFE (38% nylon - 38% cotton - 24% ePTFE) blended woven no melt/no drip fabric. This fabric is made in the USA and complies with the Berry amendment.

TENCATE DEFENDER™ M 5.5OZ FLAME RESISTANT MESH KNIT

A 5.5oz inherently flame resistant (flame resistant rayon - para-aramid - elastane with nylon) mesh knit fabric. This fabric is made in the USA and complies with the Berry amendment.

TENCATE DEFENDER™ M 6OZ FLAME RESISTANT JERSEY KNIT

A 6oz inherently flame resistant (flame resistant rayon - para-aramid - elastane with nylon) jersey knit fabric. This fabric is made in the USA and complies with the Berry amendment.

TENCATE DEFENDER™ M 6.5OZ FLAME RESISTANT RIPSTOP WEAVE

A 6.5oz inherently flame resistant (flame resistant rayon - meta-aramid - para-aramid - nylon) ripstop fabric. This fabric is made in the USA and complies with the Berry amendment.

TENCATE DEFENDER™ M 6.8OZ FLAME RESISTANT TWILL WEAVE

A 6.8oz inherently flame resistant (flame resistant rayon - para-aramid - nylon) twill fabric. This fabric is made in the USA and complies with the Berry amendment.

BASELAYER MATERIALS

ABMT 180GSM NYLON CORE SPUN MERINO WOOL

81% Merino wool, 12% nylon, 7% elastane / 5.3 oz/yd2 / 180g/m2. This midweight Merino wool knit fabric provides superior strength and durability as each yarn is constructed by wrapping Merino fibre around a high strength nylon core. Performance is further enhanced by the addition of elastane yarns that help garments retain their shape when wet.

POLARTEC® 6.8OZ POWER STRETCH® KNIT

53% polyester, 38% nylon / 9% spandex / 6.8oz/yd2, 230g/m2. A four way stretch fabric that allows for excellent athletic movement and good breathability to maintain comfort levels.

MIDLAYER MATERIALS

TORAY MECHANICAL STRETCH MINI-RIP LIGHTWEIGHT

100% nylon / 1.5oz/yd2, 52g/m2 30d mechanical stretch nylon ripstop with an air permeable PU coating and a DWR face finish. A light and breathable stretch fabric with great water repellency and wind resistance.

POLARTEC® 6.8OZ POWER STRETCH® KNIT WITH HARDFACE®

88% polyester, 12% spandex / 6.8oz/yd2, 230g/m2. A four way stretch fabric that allows for excellent athletic movement and good breathability to maintain comfort levels. Hardface® technology provides long lasting abrasion resistance.

CORELOFT™ 1.8OZ INSULATION

100% polyester 1.8oz/yd2, 60g/m2. Made with highly crimped multi-denier siliconized polyester yarn, this lightweight, breathable, and thermally efficient, 100% polyester staple fibre it is very compressible and has excellent loft retention.

SOFTSHELL MATERIALS

TWEAVE® DURASTRETCH® 4.5OZ PLAIN WEAVE STRETCH-WOVEN

A 4.5oz nylon-elastane (84% nylon - 16% elastane) blended woven fabric with a Durable Water Repellent (DWR) finish. This fabric is made in the USA and complies with the Berry amendment.

TWEAVE® DURASTRETCH® 6.5OZ PLAIN WEAVE STRETCH-WOVEN

A 6.5oz nylon-elastane (91% nylon - 9% elastane) blended woven fabric with a Durable Water Repellent (DWR) finish. This fabric is made in the USA and complies with the Berry amendment.

BURLY™ DOUBLE WEAVE 8OZ STRETCH-WOVEN

50% nylon, 43% polyester, 7% spandex / 8oz/yd2, 275g/m2 A four way stretch fabric that combines superior strength and durability. DWR finish repels moisture.

WET WEATHER PROTECTION

GORE-TEX® 3L 40D NYLON RIPSTOP

A 140 gsm three layer material consisting of a 40 denier nylon ripstop face fabric with a Durable Water Repellent (DWR) finish, a GORE-TEX® membrane, and a moisture-wicking polyester tricot knit backer. This fabric is made in the USA and complies with the Berry amendment.

GORE-TEX® 3L 30D NYLON PLAIN WEAVE

A 108 gsm three layer material consisting of a 30 denier nylon plain weave face fabric with a Durable Water Repellent (DWR) finish, a GORE-TEX® membrane, and a moisture-wicking polyester tricot knit backer. This fabric is made in the USA and complies with the Berry amendment.

SCHOELLER® KEPROTEC™

88% nylon, 12% Kevlar® / 7.4 oz/yd2, 315 g/m2 An extremely abrasion and cut resistant fabric for hard wearing applications.

COLD WX INSULATION MATERIALS

GORE® WINDSTOPPER® 2L 30D NYLON PLAIN WEAVE

A 61 gsm two layer material consisting of a 30 denier nylon plain weave face fabric with a Durable Water Repellent (DWR) finish, and a GORE® Military WINDSTOPPER® membrane. This fabric is made in the USA and complies with the Berry amendment.

GORE® WINDSTOPPER® 2L 40D POLYESTER PLAIN WEAVE

A 75 gsm two layer material consisting of a 40 denier nylon plain weave face fabric with a Durable Water Repellent (DWR) finish, and a GORE® WINDSTOPPER® membrane.

GORE® WINDSTOPPER® 3L 70D STRETCH NYLON PLAIN WEAVE

A 61 gsm three layer material consisting of a stretch nylon plain weave face fabric with a Durable Water Repellent (DWR) finish, a GORE® Military WINDSTOPPER® membrane, and a brushed polyester (fleece) backer.

CORELOFT™ 3.0OZ INSULATION

100% polyester 3.0oz/yd2, 100g/m2. Made with highly crimped multi-denier siliconized polyester yarn, this lightweight, breathable, and thermally efficient, 100% polyester staple fibre it is very compressible and has excellent loft retention.

CLIMASHIELD 2.7OZ THERMATEK WITH 30D NYLON LINER

100% nylon face / 2.7 oz/yd2, 92 g/m2. Exclusive to Arc'teryx, this insulation combines a high tenacity 30 denier nylon fabric laminated to a 2.7 ounce continuous fibre fill insulation, which is completely immersed in DWR. This insulation is made in the USA and complies with the Berry amendment.

CLIMASHIELD 3.0OZ PRISM FIBERFILL WITH DWR

3 ounce continuous fibre fill insulation, which is completely immersed in DWR. This insulation is made in the USA and complies with the Berry amendment.
